--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------

**Learning objectives:**

- To have basic knowledge on the surveillance systems by discussing on the evaluation of the surveillance systems

**Instructional Method:** Individual work – Discussion

**Suggested time :** 20 min

**Description of the assignment :**

Please read the attached article written by William Harperin, “ The Role of Surveillance in the Hierarchy of prevention”. While you are reading this article, you need to decide on at least two interesting/important sentences for you. After this, please talk with your partner on those four sentences that you find interesting. Finally, you need to choose only one important/interesting sentence. You will be sharing **this particular one** as a couple with the others.

Please tell us:

Why did you chose this sentence ?

What is interesting for you in this sentence ?

If you find some relevant issues in Turkey, please tell us.
