Assignment	Training Occupational Health and Scientific Research Group B Surveillance Searching B 2.2 ass (Group work)	
-------------------	---	---

Learning objectives:

- To have a list of the major occupational health information sources in Turkey.

Instructional Method: Working in groups (6 different groups of 3 persons)

Suggested time : 90 minutes

Description of the assignment :

A lot of information concerning occupational health in Turkey is available on websites. Some information is more useful than others.

60 minutes

Make a list of websites where you can find occupational health information.

Evaluate for each website the usefulness, relevance, reliability, quality, completeness, accessibility, frequency of revision.

Make a top ten list for occupational health in general.

Make a top five list of websites useful for your surveillance program.

30 minutes

Each group will present his list to another group who is not working on a similar subject.
